

7 Plates Alkaline Water Ionizer

ENKION + FAUCET

Completely compatible

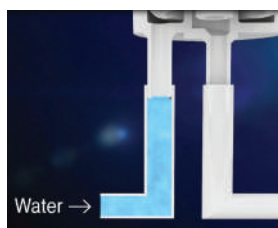

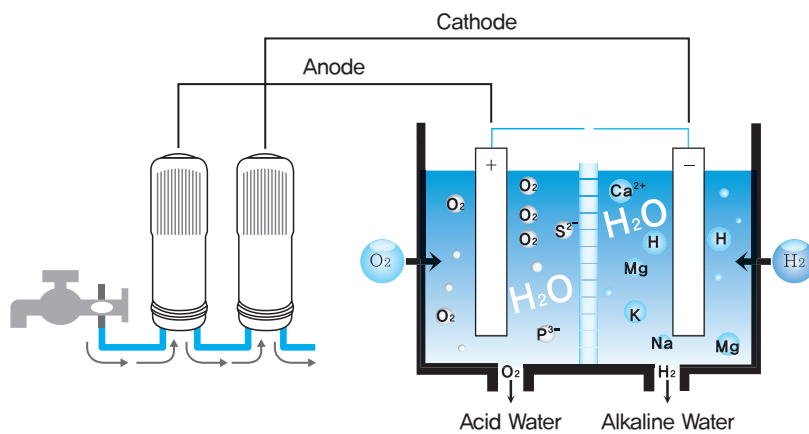

EveryNe can drink alkaline IONized water

What is ENKION?

ENKION(Water ionizer) filters water and uses a high-tech scientific mechanism to pass the filtered water through the electrolytic cell, which is a critical device in the system to produce alkaline water and acidic water.

How to generate the Alkaline & Acidic ionized Water

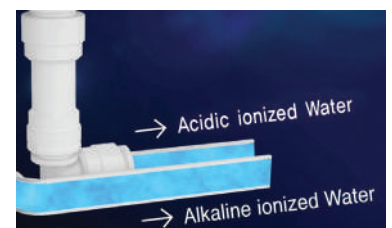

Tap water

Dual filtration system
(to clean 99.99%)

Chamber of electrodes
(platinum coated)

Alkaline &
Acid ionic water

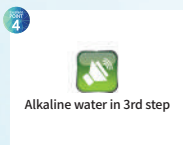

Characteristics of ENKION

POINT 1 Faucet is available (option : under counter type)

POINT 2 7cell electrodes (100% platinum coated Titanium)

POINT 3 Produces 9 levels of water (4 alkaline water, 4 acidic water, 1 purified water)

POINT 4 Convenient voice automated

POINT 5 LCD display (all visible)

POINT 6 Enhanced 2 step dual filtration system

POINT 7 Incredible pH range from 3.5 to 11.0

POINT 8 ORP : -500 ~ -800 MV strong revivification

POINT 9 SMPS (not trans type) : Max386 w-strong electrolysis power even in the heavy lime- water

POINT 10 Automatic cleaning system

POINT 11 Filter life indicator

POINT 12 100% stainless steel zabara hose

POINT 13 Soft touch sensor

Certifications for ENKION

GMP

CE

HALAL

Characteristic of Faucet

- 1 Easy & completely compatible
- 2 Simply operating by touch sensor
- 3 Produces 9 levels of water (4 alkaline water, 4 acidic water, 1 purified water)
- 4 Convenient voice automated

For using the Faucet under counter, plug in electrical extension wire into faucet connection and plug in the other end in to the back of the ionizer.

Optional Function Touch Sensor

- 1 It works at Operation/Stand by MODE.
- 2 It works when Alkaline water selection is done.
- 3 It works when Acidic water selection is done, and also Purifying water selection, too.

Certifications for FAUCET

CE

FAUCET Specifications (for urdersink type)

Dimension : 43cm x 14.4cm x 6m

Materials - Body : SUS 304

Head : Die Casting(Chromium Plating)

Usages of Ionized Alkaline and Acidic Water

pH step	Usage of alkaline ionized water description		
4 step 9.5~11.5	 When you eliminate the bitter taste of vegetables	 When washing vegetables	 When removing stains from clothes
3 step 9.0~9.5	 When diluting alcohol	 Various cooking	 When soaking meat
2 step 8.5~9.0	 When making coffee and tea	 When cooking rice	 When decocting herbal medicine
1 step 8.0~8.5	 Daily drinking water	 Recovering hangover	 Rehydration after exercise
Purify	 Purify when taking a medicine		

pH step	Usage of acidic ionized water description		
1 step 5.0~4.5	 When boiling cottons	 When frying dough	 When boiling eggs
2 step 4.5~4.0	 When brushing teeth and washing	 For skin care	 When washing hairs instead of conditioner
3 step 4.0~3.5	 When washing meat and fish	 For the humidifier	 When removing sediment of kettle
4 step 3.5~3.0	 When washing a cutting board dish cloth	 Dishwashing	 When washing fruits and vegetables

Alkaline water Benefits

- Restores the body's pH balance
- Acts as a powerful antioxidant
- Improves cellular hydration
- Improves stomach and intestines disease
- Helps weight loss
- Helps detoxification
- Good for Bone Health
- Effective in preventing aging

ENKION IMPROVES THE QUALITY OF YOUR LIFE!

Specifications

Dimension 19.0cm x 37.5cm x 25.0cm
Net weight/ Gross weight 4.5kg/ 6.0kg
Electricity AC 100V ~ 240V, 50Hz / 60Hz
Max. Water pressure 10kgf/cm*
Water temperature 5 ~ 35°C
pH Range 3.0 ~ 11.5
U. V. Lamp Optional
Case ABS

Filtration - Filter type Dual filter type
Filter lifetime 1st: 3,200L / 2nd: 6,400L
Max. Water Flow 1 ~ 4LPM

Electrolysis - Chamber material 100% Platinum coated Titanium
Electrodes (Number of Plates) 7
Power consumption 200VA

Display - Type 7Color LCD Screen
pH values Alkaline : 4 stages / Acidic : 4 stages / Clean Water
Washing Automatic cleaning
